

Wind - Compact & Elegant

Combining the highest levels of performance with smooth and perfectly controlled movement, Wind is small, unobtrusive and elegantly designed. This compact lift system has strong functional appeal and takes up a minimum of valuable storage space.

Mounting of Wind is possible on either carcass side panels or carcass top panels with different housing. The option of top mounting of Wind allows stability of the door panel that stretches over long widths.

Wind is versatile and suitable for a vast range of furniture applications: office furniture, kitchens, bathrooms, living- and bedroom furniture. With an optional carrier, Wind can be used in corner cabinets and for doors of large weight and dimensions.

This system incorporates a soft close mechanism for decelerated closing. Wind is available in TITANIUM or WHITE finish.

ITEM CODE:

- WIN-SC-SWC (Side mounting, White cover)
- WIN-SC-STC (Side mounting, Titanium cover)
- WIN-SC-TWC (Top mounting, White cover)
- WIN-SC-TTC (Top mounting, Titanium cover)
