

SI3633B

60cm Touch Control Induction Hob Bivelled Edge Glass

3 "full power" induction zones including :
Rear left ring : $\varnothing 160/100$ mm, 1.25/2 kW.
Front left ring : $\varnothing 210/100$ mm, 1.85/2.3 kW.
Centre ring : $\varnothing 280/100$ mm, 2.4/3.6 kW.

3 Ring suprema black ceramic glass top.
Timers with automatic end cooking
3 boosters (P)
Automatic adjustment to pan size
9 power levels
Minimum diameter drawings
End cooking acoustic alarm

Residual heat indicators
Child control block
Overheating protection system
Overflowing protection system
Protection against accidental start up: small object detection
Automatic pan recognition
Auto-stop when no pan

Nominal power: 7.2 kW.
45amp power supply required

Only pans with a ferrous (magnetic) base are suitable
for induction hobs.
